

All-(Region, Tournament, State) Team Selection

GENERAL INFORMATION

1. There will be a Boys and Girls – All-Region, All-Tournament and All-State Team. (Each conference is encouraged to name an All-Conference or All-Sectional Team.)
2. Points will determine the '**ALL**' Teams and their placements. Points accumulated through the regional will determine the All-Region teams representing the areas feeding into each regional. Points accumulated in tournament play will determine the All-Tournament teams. Total points accumulated from the start of the season through the finals will determine the All-State Teams.
3. All student athletes meeting criteria are eligible (multiple athletes from a school could make these teams.) This award is open to all bowlers in the freshman through senior class (Varsity players only).
4. The All-Region teams will name a minimum of 5 boys and girls to the team representing the area feeding into each Regional.
5. The All-Tournament team will recognize a minimum of 5 boys and 5 girls who score the most points during the tournament.
6. There will be a First Team, Second Team and Honorable Mention (a minimum of five members on each team) for boys and girls, named to the All-State teams. All tie scores will be placed on the appropriate team.
7. All coaches or coordinators **MUST** submit a final league sheet along with the application.
8. Applications **MUST** be returned to the IBCA office by **January 16, 2019** with conference and sectional rank and points included. The state office will compile points for regional, semi-state and state finals.
9. **All recipients will be eligible to bowl in the All State tournament on March 2, 2019.**
10. **It is recommended to submit all bowlers in the league top 5 averages and all bowlers who advance from the sectional. The commissioner can add any bowler missed prior to the announcement of the teams.**

POINT CRITERIA EXPLANATION

1. **Conference Average.** The individual bowler will be awarded points based on how his/her average ranks against other bowlers in that conference. The top average will receive **40 points** and each lower place will receive **3 points less**. *Example: the first ranked person will receive 40 points and the second 37 points and the 10th ranked bowler will receive 13 points.* All averages used must be based on a minimum of 10 games. Averages will be figured to decimals to determine rank. **If there is still a tie, the bowler with more games will get the higher ranking.** Final average sheet must accompany application.
2. **Independent Team Bowlers.** Independent bowlers will match scores against the State's Top Ten list for conference points.
3. **Playoff Scores.** Bowlers will be awarded points for their singles score and placing at sectional, regional, semi-state and state. All advancing bowlers will receive at least one point. The winners' points will increase at each level. There will be 60 points available. First place at sectional is worth 9 points, regional 13 pts, semi-state 17 pts and finals 21 pts. Each lower place in the stepladder will receive 1 less point. Positions out of the stepladder will drop 3 points each. All advancers will receive at least 1 point. If they do not advance, they will receive zero points. Only the top ten at the finals will receive points (places 11-24 will receive 0 pts).
